

Using The LapStop®

Thread the cable lock through the holes in the LapStop® and loop around a fixed object to provide security.

Fitting Lid

The lid is locked by simply locking the hinges and rotating the lock ¼ turn.

NOTE - The lid to the Lapstop® will only fit in one position. The end of the case to which hinges fit is labelled.

IMPORTANT WARNING - (If bolting in position)

BEFORE DRILLING FLOOR OF VEHICLE, CHECK VERY THOROUGHLY FOR WIRES, CABLES, PIPES ETC. BENEATH THE INTENDED DRILLING AREA. CHECK WITH VEHICLE HANDBOOK REGARDING DRILLING OF FLOOR AREA.

We have taken every care in the design and manufacture of this security device and we believe that it is an effective deterrent. However we cannot guarantee that it will resist the efforts of the most determined thief, and as such we do not accept any liability for loss or damage caused by theft, vandalism or other illegal activity against property to which this device is fitted.
